Instead of the regular Reception Day, we are going to have on Thursday evening at 7:15 an open session of the High School. We want all of the patrons and friends of the school to be in the auditorium at 7:15, where the pupils will file for chapel, and then after opening exercises, the pupils will file to the various rooms and there will be two class periods. We want you to come that you may see the manipulation of a departmental High School. Classes will be in session in all of the usual High School branches, as well as, typewriting, cooking, and sewing. Please make all arrangements to be here Thursday evening.

Superintendent of Schools.

ONE SEED

If a farmer desires to raise a crop of corn and planted but one seed—what would you think of him? Speaking mildly you would think he was foolish—wouldn't you?

If a man desired to acquire a fortune and deposited \$1 and never added to it—what would you think about him?

Yet lots and lots of people begin an account and never follow it up.

Start your account here with \$1. That is well. Add to it each week. That is better. Do not draw it out for ten years. That is best.

Tickle your Bank Account with Pennies and it will laugh with Dollars.

Strawberry Short Cake Suggestion

Appetizing—Delicious
Take one of Stone's Silver Slice Cakes, split it lengthwise and fill with full-ripe, luscious berries—the result will be a revelation to you.

We have tried it and find that Silver Slice lends itself perfectly for use with any strawberry combination. The flavors blend nicely and the contrast of color is most pleasing and tempting.
